Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.

This is a compound remedy, prepared wit scientific skill from vegetable ingredients, which arely fails to cure the severest cases of Chills nd Fever and the concomitant disorders. Such emedy the necessities of the people in malarious districts demand. Its great superiority over any other medicine yet discovered for the cure of Intermittents is, that it contains no quinine or mineral, and those who take it are free from danger of quinism or any injurious effects and are as healthy after using it as before. I has been extensively employed during the last thirty years in the treatment of these distressing lers, and so unvarying has been its success that - it has gained the reputation of being infal lible. - It can, therefore, be safely recommended as a sure remedy and specific for the Fever and Ague of the West, and the Chills and Fever of the South. It counteracts the miasmatic poison in the blood, and frees the system from its influ ence, so that fever and ague, shakes or chills. ALSO TRUNKS, SATCHELS AND

The great variety of disorders which arise from the irritation of this poison, such as Neuralgia, Rheumatism, Gout, Headache, Blindnes pitation, Splenic Affections, Hysteries, Pain in the Bowels, Colle, Paralysis, and derange of the Stomach, all of which become intermit tent or periodical, have no speedier remedy that AVER'S AGUE OURE, which cares them all alike and protects the system from future attacks. At communities where Fever and Ague prevails, as it stays the development of the disease if taken first approach of the premonitory sym toms. Travellers and temporary residents are will ever suffer if they avail themselves of the tection this remedy affords. For Liver Complaints, arising from torpidity it is an excellent remedy; it stimulates this organ

into healthy activity, and produces many remarkable cures where other medicines fail. Prepared by Dr. J. C. Ayer & Co., Practical and Analytical Chemists,
